X-ACTO®

45-35 Van Dam Street Long Island City, N.Y. 11101

Dear X-ACTO Customer:

In a time when commitments can change rapidly, X-ACTO stands steadfast in the beliefs which were born with our company in 1935:

Accurately determine what our customers want; manufacture those items with the highest possible quality; and distribute them quickly and efficiently at a fair price.

These policies have enabled us to become the leading manufacturer of knives, blades, and other precision tools for hobbies, crafts, schools and industry. We are pledged to these policies because we are pledged to our customers.

As you review our 1977 catalog, you will note that we are offering a variety of new products. Each of these items including our House of Miniatures furniture and accessories, which are briefly described here and detailed in a separate catalog, represents our continuing commitment to quality and service.

Each of our new products also reflects our continuing desire to meet your needs, just as the founders of X-ACTO strove to meet their customers' needs.

We hope to continue to earn your loyalty.

GRAPHIC ARTS

No. 3111 Super No. 1 Knife:

The ultimate knife. The X-ACTO Super 1 Knife is an improvement on an X-ACTO classic. The most versatile precision cutting tool on the market, it is indispensable to Professionals in the Graphic Arts, Artists, and Hobbyists. Available in clear plastic tube No. 3111 or conveniently carded No. 3211.

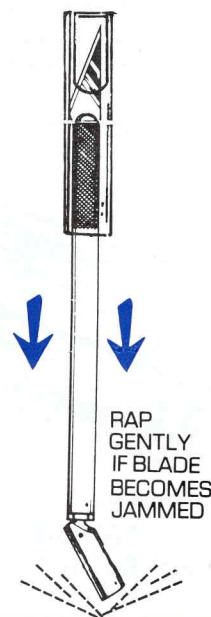

Blade Change:
Changing blades is a snap!

TO RELEASE
BLADE

ROTATE
CLOCKWISE
TO TIGHTEN
BLADE

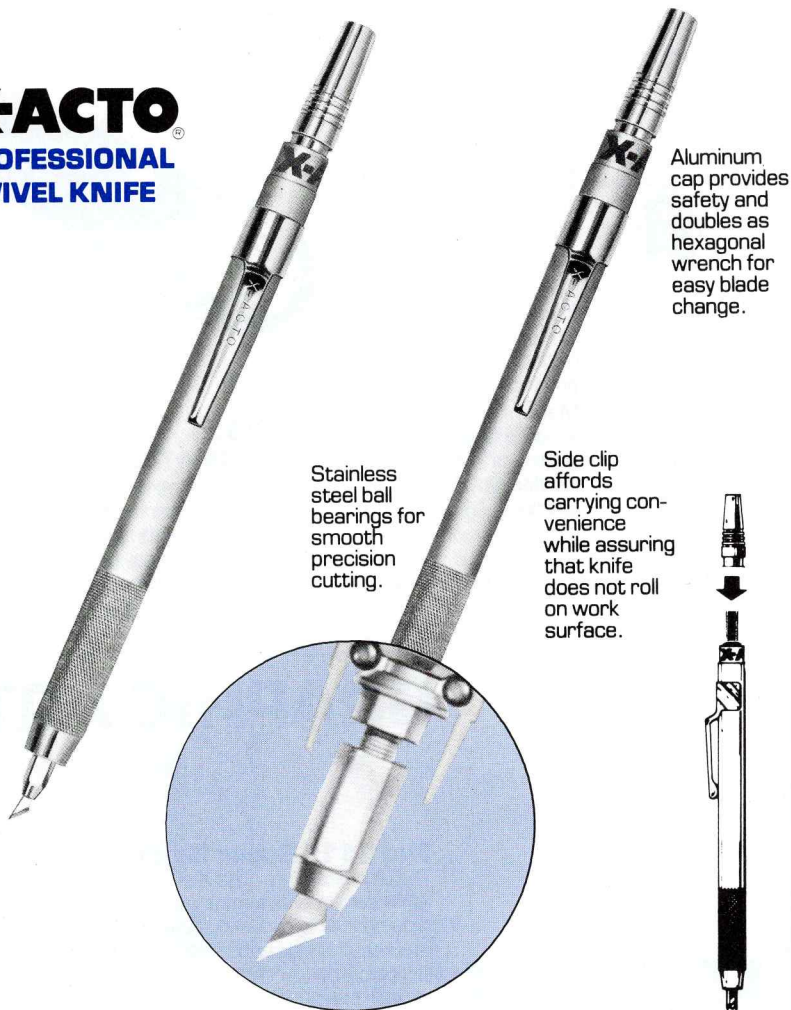

RAP
GENTLY
IF BLADE
BECOMES
JAMMED

1. Snap down locking device to release blade.
2. Remove the old blade and insert the new.
3. Snap locking device to original position. The new blade locks into place.

Grip on the blade may be tightened by snapping locking device downward and turning it clockwise while holding the blade stationary by means of its safety cap.

In the event blade should become jammed in chuck, gently rap end of knife on hard surface with locking device in open position. Make sure safety cap is on for protection.

X-ACTO® PROFESSIONAL SWIVEL KNIFE

REFERENCE CHART OF OLD AND NEW PRODUCT NUMBERS

A NOTE ON A NEW NUMBERING SYSTEM: This year, 1977, X-ACTO is introducing a new numbering system to make processing of customers' orders more efficient. Unfortunately, customers who have dealt with X-ACTO in the past who may be familiar with our products by their old numbers may find the new system confusing at first. We apologize for any inconvenience this may cause you. Please refer by old number to the cross-reference chart provided. It will supply you with the new order number which you should use to place your order.

THE HOUSE OF MINIATURES®

There is absolutely nothing on the market today which equals the new X-ACTO House of Miniatures Collectors Series which was introduced last year.

Unlike other miniature furniture, every item in the line is an authentic reproduction in miniature of regular-size furniture created by master craftsmen during the colonial period, precision-scaled, one inch to one foot.

EASY TO ASSEMBLY KITS. All wood parts are machined (nothing is die-cut) to tolerances typical only of metal parts. This is why every piece - even the smallest - measures exactly what we say it measures. All drawer pulls, pendulum weights, and fixtures, are made of solid brass, in keeping with our objective of authenticity. Miniature furniture is one of the fastest growing hobby/crafts in the country today. It has a universal appeal to men, women, and children, can be done alone or as a family project. It is easy to learn, and is richly rewarding.

In addition to its fine line of Miniature Furniture, X-ACTO offers everything necessary to build and decorate miniature room settings. Knocked-down Shadow Box Room Kits provide the perfect means to display and house your finished, handcrafted pieces. X-ACTO'S stains and finishes are coordinated to add the important final touches; wallpapers, brass fittings, hardware, and mouldings are all true to the period; beautifully detailed "outdoor" scenes add a note of total realism.

POINT OF PURCHASE DISPLAYS

X-ACTO has spared no expense in developing effective point-of-purchase merchandising displays to back the retailer's in-store sales efforts. These include:

1. Living Room Display

This is a permanent wooden display which comes complete with a handmade Vignette room box. The box is wallpapered and includes two hand finished furniture pieces - one (1) Wm. & Mary Tall Case Clock and one (1) Hepplewhite Side Table.

2. Dimensional Display

This 18 inch by 24 inch full color display, illustrates the X-ACTO House of Miniatures furniture in various room settings. A versatile eye catching dimensional display, has an easel back — can be displayed on a counter, in a window, or hung on a wall.

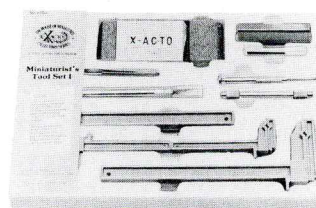

3. Wall Paper Center

This attractive "set up" display presents X-ACTO'S complete selection of beautifully scaled wallpapers.

4. Mini Decorating & Construction Center

This permanent wooden display, with attractive full color header, organizes the various tools and materials used in the building of furniture and in the construction and decoration of Shadow Box Rooms. It can be easily placed on the counter, a low floor stand or even hung on a wall.
